## **FOREWORD**

This report is published annually. It presents data on Department of Defense prime contract awards by Service Category and Federal Supply Classification code for the current fiscal year and the three prior fiscal years. Data include statistics on both military functions of the Department of Defense and civil functions of the U.S. Army Corps of Engineers.

# INTRODUCTION

This report includes summary data on Department of Defense (DoD) prime contract awards over \$25,000 by Service Category and Federal Supply Classification (FSC) for fiscal years (FYs) 1994, 1993, 1992, and 1991. These are displayed in Tables 1, 2, and 3. Only the current FY data are displayed in Table 4. Awards of \$25,000 or less are covered in Exhibits A and B. Exhibits A through F are discussed in the "HIGHLIGHTS" section, page 3.

Table 1 - This table covers awards for Research, Development, Test, and Evaluation (RDT&E) services. Data are displayed according to DoD procurement program categories.

Table 2 - Data on awards for Other Services and Construction are provided in Table 2, arrayed according to Federal Procurement Data System (FPDS) codes and descriptions. The FPDS system of codes covers all non-RDT&E services and is comprised of 23 groups and approximately 1500 individual classes. Some of the groups that are shown in Table 2 include Construction of Structures and Facilities, Operation of Government-Owned Facilities, Lease or Rental of Equipment, and Utilities and Housekeeping Services.

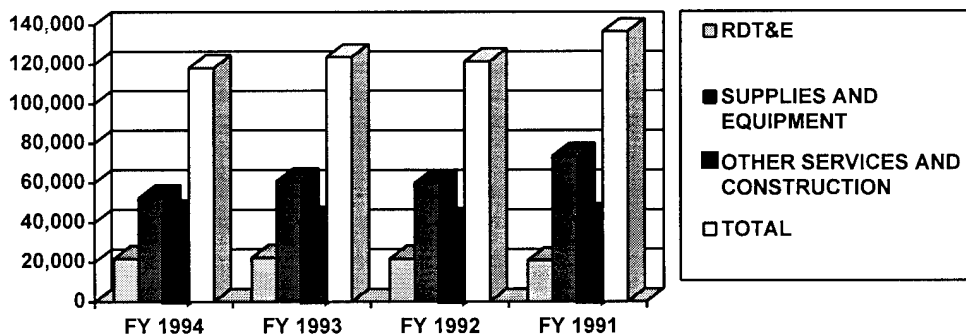

Table 3 - This table contains data on awards for Supplies and Equipment, presented according to the appropriate FSC code and description. The FSC system of codes is composed of 78 groups and approximately 700 individual classes. This system was developed primarily for supply management of items known to be in the supply system of the Federal Government. Definitions of the classes appear in the *Cataloging Handbook, Federal Supply Classification, Part 1, "Groups and Classes," H2-1*, which may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

Table 4 - This table shows only current FY data by DoD Component for each of the FSCs displayed by category in Tables 1, 2, and 3 above. DoD Components include the Army, Navy, and Air Force, as well as the Defense Logistics Agency (DLA), Office of the Corps of Engineers (OCE) civil functions, and the Other Defense Agencies (ODAs), such as the Defense Information Systems Agency or the Defense Mapping Agency.

The following chart provides a graphical comparison of dollar amounts associated with Table 1 through Table 3, and displays their proportional relationship with the total amount of awards over \$25,000.

Amounts in \$Millions

Type of Effort

## DATA CHARACTERISTICS

The data presented in this report have the following characteristics:

- Data cover only prime contracts (those awarded directly by DoD). The large number of subcontracts awarded for basic and intermediate materials and components are not reflected in this report. As an example, most of the steel plating for ships is purchased by defense prime contractors. Only a small portion is purchased directly by DoD (see code 9515). Similarly, a large dollar amount of electronic equipment is purchased by defense contractors who have received prime contracts for missiles and other weapons systems.
- Terminations and other downward adjustments of contracts are included in the award category to which their dollar amount corresponds. They are considered positive entries when calculating the total number of contract actions but negative entries when calculating total net value. It should be noted that a contract can be terminated years after the original obligation was made, even when there are no actions in between (e.g., FSC code E199, Purchase/Other Miscellaneous Buildings, had a negative funding modification action during FY 1993 on a FY 1982 contract).
- Detailed information on procurement actions of \$25,000 or less are not included in Tables 1, 2, 3, and 4 of this publication. However, in each of the fiscal years since FY 1991, approximately \$14 billion was spent on these small transactions (see Exhibit B, page 4). The exclusion of these procurements (from Tables 1, 2, 3, and 4) understates the purchase of commercial type items and services and may overemphasize military hard good items, which are normally purchased in large dollar amounts. Due to this exclusion, for example, Subsistence Purchases (FSC Group 89) may be understated.
- For security reasons, some contracts have been reported with a classification other than the one describing the item purchased. Therefore, data for a number of the Federal Supply Classifications presented may be incomplete.
- Data categorizing contract awards by Service Category and Federal Supply Classification include awards to all types of contractors. In this respect, the coverage differs from other reports published by WHS/DIOR that provide this type of information only on awards to business firms in the United States.
- Totals and percentages in Exhibit A through Exhibit F are computed on whole dollars and may not add up due to rounding.

## **HIGHLIGHTS**

### **Total Procurement**

Exhibit A shows total prime contract awards categorized by the major types of business. As this exhibit shows, since FY 1993, total prime contract awards decreased by \$6,088 million, or 4.4 percent; awards to Business Firms decreased by \$3,994 million, or 3.4 percent; awards to Educational and Nonprofit Institutions decreased by \$128 million, or 3.7 percent; awards to Interagency/Foreign Military Sales (FMS) decreased by \$1,766 million, or 13.7 percent; and awards for Work Outside the United States decreased by \$224 million, or 3.9 percent.

Exhibit B shows a decrease in the actions over \$25,000 and a decrease in actions of \$25,000 or less since FY 1993. Actions over \$25,000 decreased by \$5,599 million, or 4.5 percent; the actions of \$25,000 or less decreased by \$489 million, or 3.3 percent.

### **Type of Effort**

Exhibit C provides data on awards over \$25,000 by Type of Effort. As shown in this exhibit, in FY 1994, awards for Supplies and Equipment accounted for 44.3 percent of the total. The balance of the awards came from Other Services and Construction, 37.2 percent, and RDT&E work, 18.5 percent.

### **Research, Development, Test, and Evaluation (RDT&E) Category**

Exhibit D shows FY 1994 and FY 1993 RDT&E comparisons, by selected subprograms within the DoD claimant programs. The claimant program, "Aircraft," had the largest dollar increase for FY 1994; the increase in this category was \$695 million, or 13.6 percent.

Additionally, between FY 1993 and FY 1994 (see page 10, Table 1, Concluded), Research decreased by \$324 million, or 23.6 percent; Exploratory Development decreased by \$22 million, or 1.0 percent; Other Development increased by \$217 million, or 1.3 percent; and Management and Support decreased by \$338 million, or 23.1 percent. Each procurement categories' share of the total RDT&E for FY 1994 was distributed as follows: Research accounted for 4.8 percent; Exploratory Development, 10.0 percent; Other Development, 80.0 percent; and Management and Support, 5.1 percent.

### **Other Service and Construction Category**

Exhibit E shows the ten service groups with the greatest dollar change from FY 1993 to FY 1994. The group that increased the most for FY 1994 was Group Y, "Construction of Structures & Facilities"; the increase in this group was \$2,067 million, or 45.5 percent. Conversely, Group H, "Quality Control, Testing & Inspection Services," decreased the most, \$447 million, or 56.8 percent.

### **Federal Supply Classification (FSC) Category**

Like Exhibit E, Exhibit F also shows a comparison of the ten FSC groups with the greatest dollar change from FY 1993 to FY 1994. The FSC group that increased the most for FY 1994 was Group 28, "Engines, Turbines and Components"; the increase in this group was \$228 million, or 8.8 percent. Conversely, Group 19, "Ships, Small Craft, Pontoons, and Floating Docks," decreased the most, \$1,545 million, or 30.7 percent.
